W.C. and B.C. — New Provider Search

October 9, 2026

On October 9–10, 2026, following TT Orthodontics' withdrawal as orthodontic provider for both children, ^{Dad} contacted thirty-five (35) orthodontic offices across Milwaukee, Waukesha, Ozaukee, Racine, Kenosha, and Washington counties to inquire about accepting new patients under UnitedHealthcare Community Plan (Wisconsin BadgerCare).

Each office was asked: (1) whether they accept UnitedHealthcare Community Plan (BadgerCare); (2) whether the existing D8080 prior authorizations (dated August 13, 2026) would transfer or require new authorizations; and (3) availability for a Monday-morning initial consultation. Each office was informed of the joint legal custody arrangement and that both parents must be involved in treatment decisions.

Hello, I am writing to inquire whether your office accepts UnitedHealthcare Community Plan

(Wisconsin BadgerCare) for children's orthodontic treatment. My children, W.C. and B.C.,

need orthodontic care. We have prior authorizations from UnitedHealthcare Community Plan

approving D8080 (comprehensive orthodontic treatment) for both children, dated August 13,

2026. I have attached copies for your reference. A few important details: - I share joint legal

custody of both children with their mother, Mom . Both parents need to be involved in

treatment decisions and consent. - Their previous orthodontic provider withdrew on October 9,

2026. We are seeking a new provider. - I am available Monday mornings for an initial

consultation. Could you please let me know: 1. Do you accept UnitedHealthcare Community

Plan (BadgerCare)? 2. Would the existing D8080 authorizations transfer to your office, or

would new authorizations be required? 3. What is your current availability for an initial

consultation? Thank you for your time. Sincerely, Dad redacted

Response: "Unfortunately, the provider is the only provider we have that is enrolled as a

Medicaid provider but we are not in network with UHCP, rather straight T-19. Furthermore,

the provider is working toward retirement and is cutting back her hours significantly in January

with her remaining time spent finishing her sub-specialty cases of craniofacial and cleft lip and

Summary for Mom

Orthodontic Provider Search — W.C. and B.C.

What happened

On October 9, 2026, TT Orthodontics withdrew as the orthodontic provider for both

W.C. and B.C.. Their letters state that emergency coverage continues through

November 9, 2026, and that records can be transferred to a new provider with written

consent.

What I have done

On the evening of October 9 and early morning of October 10, I contacted thirty-five

orthodontic offices across Milwaukee, Waukesha, Ozaukee, Racine, Kenosha, and

Washington counties to inquire about becoming the children's new orthodontic

provider. Each office was asked:

1. Whether they accept UnitedHealthcare Community Plan (Wisconsin

BadgerCare);

2. Whether the existing D8080 prior authorizations (dated August 13, 2026,

for both children) would transfer to their office or require new authorizations;

and

3.Their availability for a Monday-morning initial consultation.

Every office was informed that we share joint legal custody and that both parents must

be involved in treatment decisions and consent.

Moles & Ferri Orthodontics	Greenfield	Website form (shortened message)
Milwaukee Orthodontics	Milwaukee	Email (with authorizations)
Kittleson Orthodontics	Mequon	Email (with authorizations)

Update October 10: Three additional inquiries were sent overnight — Super Braces

was resent to a corrected address after the original bounced; Milwaukee

Orthodontics (which states it accepts ForwardHealth/BadgerCare/Medicaid HMOs)

and Kittleson Orthodontics were contacted by email. One office (PHM Orthodontists)

has declined; a reply requesting a referral was sent.

Next steps

I am waiting for responses. As offices reply, I will share the options with you so we

can jointly select a new provider for the children. I am available Monday mornings for

an initial consultation, and we can bring the children once we agree in

writing on a provider.

Several of these offices explicitly accept BadgerCare/Medicaid: Valeri Orthodontics

states on its website that it is in-network with BadgerCare/ForwardHealth; Orthodontic

Experts accepts BadgerCare Plus and Medicaid; iDental accepts BadgerCare Plus and

state Medicaid; Milwaukee Orthodontics states it accepts ForwardHealth, BadgerCare,

and Wisconsin Medicaid HMOs. The remaining offices were each asked directly

whether they accept UnitedHealthcare Community Plan.

Please send me copies of both children's insurance cards when you have a moment.
